Photoshop vs. Photoshop Elements Adobe Photoshop Elements vs. Adobe Photoshop is an increasingly important choice in modern digital photography. The key difference between these two powerful yet different Photoshop alternatives is the tradeoff between complexity and usability. Photoshop elements contains a wider range of tools, but some of them are not fully featured. On the other hand, Photoshop is more of a mature tool with better usability. It features more powerful tools, more powerful editing options, and more capabilities and options. We can say that Photoshop is an all-rounder and Photoshop elements is a more specialized, easier-to-use solution. The bottom line is that Photoshop has a more complex and powerful feature-set. Photoshop also lacks some features, or has them in a less intuitive way. The same is true for Photoshop elements, although Photoshop elements also has features that Photoshop lacks. This lets the user know what to use and how to use it. The key difference is in the depth of functionality. Since the software is open source, both Photoshop and Photoshop Elements are free to download and use. Compatibility Both Adobe Photoshop and Adobe Photoshop elements can be used on Mac and PC and for both the Linux and the Windows operating systems. There are versions for almost all modern smart devices and most smartphone operating systems. Digital photography is an area where Photoshop is still more popular than Photoshop Elements. Photoshop is an image editing software for photographers, graphic designers and web designers. Also, Photoshop is and always will be the market leader in the digital photography industry. Adobe Photoshop vs. Photoshop Elements: Features & Differences Both Adobe Photoshop and Adobe Photoshop elements have the same set of features. Both have the same standard features like photo editing tools and image effects, etc. They both come with the same tools and features. However, Photoshop elements still has some missing features that Photoshop has. While Photoshop elements is not a full-blown photo editing software, it has some features that make it stand out. Both have a shared set of core features. Below we will take a look at the features and differences of Photoshop and Photoshop Elements. Objective We have created a Photoshop elements vs. Photoshop comparison chart with 19 key features divided into the same categories so that you can see which features Photoshop has that Photoshop elements lacks. The Photoshop elements vs. Photoshop chart is based on the a681f4349e

india Updated: May 30, 2019 14:35 IST The Maharashtra government has announced seven hours of shut down on Monday as a holiday to mark Maharashtrawans Jayanti. The decision has set the stage for an elongated first-day of the 70-day Sankranti, Maharashtra’s harvest festival. Announcing the holiday on Saturday, Governor Bhagat Singh Koshyari signed the Maharashtra State Government Orders (MSGOs), transferring a day from Saturday, the festival of goddess Chamundi, to Monday. Now, for farmers sowing is the norm. Also read: In #ChamundiMela, every year the same tired controversy... It's time to change There are several other festivals during the Sankranti: Ganesh festival on the first day is celebrated with joy. This is followed by Vasantha Chaturthi on the second day, Shravana Purnima on the third day, Navratra on the fourth day, Diwali on the fifth day and Vijayadashami on the ninth day. Sankranti in the past was a period of religious fervour. Now it has become a celebration of prosperity, said Mumbai mayor Vishwanath Mahadeshwar on Saturday. Sankranti tradition The Sankranti festival is a day of rejoicing for Uttar Pradesh, which is the state that loves Sankranti the most. In the 7-day Sankranti, farmers sow crops for the bountiful harvest in Uttar Pradesh, and devotees of Hindu goddess Chamundi worship her. Also read: ‘Sachin Tendulkar should become Tipu’s greatest admirer’ “Sankranti season is an annual affair. Uttar Pradesh is the biggest state when it comes to making preparations. There is the excitement of pre-harvest festival. The first Sankranti this year is on May 30. Then on June 1, the second day is Sankranti and on the second day, Chamundi Puja is performed,” said Sanjay Gupta, a historian and former president of the Indian History Congress. Why doesn’t Maharashtra follow the tradition? Usually during Sankranti, there is a three-day period of festive activities in Maharashtra. However, the government on Saturday announced that there would be only one
