The ruling in a labor court in Valencia sends mixed messages to workers, employers and politicians. It potentially thwarts reform efforts by holding that the labor reform can still proceed with other parts to create new labor rights for workers, such as setting a maximum work week and limiting the use of temporary workers. But the ruling means it is still up to the government to reverse itself and not approve the other changes that it disagrees with. [ADVERTISEMENT](#) The ruling in the workers' rights case in the Valencia court stems from a 2013 labor reform that overrode a court ruling of that year against a different reform that had eased overtime pay and set a maximum work week of 36 hours. A previous labor law was similar to the 2013 law. "We're left at an impasse, [09e8f5149f](#)
