

---

Choose free plugins here within 72 hours of purchase. 360-degree virtual reality audio right in Pro Tools, and I don't have to take my eyes off the screen. It sounds a bit like a dream, but we can make it a reality. This may be possible with our new 360-degree stereo audio plugin. As you probably know, Pro Tools is very flexible in its presentation of sound. That's why we can get amazing stereo sounds if we're not looking at our display or our monitor. This also means that we can add up to nine separate sound sources, each of which can be directed in any direction.
