One of the places we sell really cool bikes in Hereford, and I can. That given, a small army of folks is releasing updates a little faster. This Sunday, they're releasing 1.4.0.5, which according to the beta channel changelog includes some performance and stability improvements. It's not only existing users who will see the new version, but any users who've installed a recent version of the beta channel or just installed BBM for the first time will receive this update. I'm looking forward to the 1.4.0.5's new Rich Caption and the possible performance improvements, and I'm hoping to test the final version soon. For all the new features, be sure to check out our hands-on 3da54e8ca3
