#3. Legend of Heroes: Trails of Cold Steel III (PS3, XONE) October 16, 2019 Region: Asia Price: \$44.99 Description: The Ghost Brigade is launched, and the pivotal event takes place in the first quarter of the year. This is the ultimate action RPG for all those who love the Legend of Heroes. The popular The Legend of Heroes: Trails of Cold Steel series returns with a new legend in Trails of Cold Steel III on the PS3, PSP and PS Vita and XONE™. Eliminate through superior tactics and training. The battle has already begun, and the Ghost Brigade has been deployed! But before that, a new legend comes to light. The events in the first quarter of the year happened long ago. It was a momentous time for the people and the nation of Erebonian Empire... "Trails of Cold Steel III" takes place only a year after the first "Trails of Cold Steel", and the "third act" starts with an event that started in the previous games. As the Ghost Brigade is deployed, the story is pushed forward with new characters, and the long-awaited ending unfolds. On the PlayStation®4, PlayStation®Vita, and XONE®, players can enjoy thrilling battles, deep customization, and an enhanced gameplay experience with the following features: - Beautiful Combat, Rewritten from the Ground Up A main feature of this game is the immersive battle experience. In fact, the combat controls are completely reworked from scratch for the PS4, PS Vita, and XONE. Weapons can be freely switched, and players can even use the elements. Moreover, with the support of a new system, the controls are seamless with the console. - A Massive Story with Multiple Possible Endings The main features of Trails of Cold Steel I-III are the story and vast customization. We are pushing the boundaries of customization even further with the new Cross Tag system, Cross Party, and Class Change. For example, what if you want to play as a combat-oriented character, but can't because of your defense stat? Or if you want to attack, but your attack is too slow? It is even more exciting with the new ability to switch and mix elements, to the point that you can build your own party as you desire. - Become a Gentleman: An

What's new:

Welcome to the less-than-tasty world of Elnath! You play a ninja girl who travels through a food-based world, eating snacks in dungeons and trying not to die in raids. To succeed in this quest, you'll need to hone your skills with cuts, magic, traps, and expeditions, then get to the source, the source of all evil—the Queen's Council of Cooties!
