This add-on is similar to the necromancer drop to graveyard effect in the main game. It can be used as part of your graveyard -based game world. However it can also be used standalone for other graveyard-based games, or for tabletop adventures! -3D World - The necromancer and his minions make their way into the village in the sky. Players need to be careful on how much time they spend here, for the wicked creatures can get into your base camp! As long as the village is controlled by the necromancer, they can give protection to the evil creatures -this way they can even open a portal to another world! -The Walls - The evil creatures are moving into the walls of the village, and the only way to stop them is to stop them from controlling the walls. -Creatures - The Necromancer have arranged a huge number of different minions to help him bring destruction into the village. -Necromancer - The main source of destruction, the necromancer is constantly feeding his minions with souls and life force. He is also holding with him a powerful wand, which he uses to harm his opponents! -Minions - The dark creatures are part of the necromancer's army, but they are all weaker than the nec d41b202975
