

New "Aerial Dribbling" feature: In Fifa 22 Serial Key, players will be able to intelligently detect when they are free to dribble in space, allowing them to set up the right pass and move forward with confidence. The new touch-based AI system will allow players to perform the perfect pass into the feet of a teammate. The AI is also empowered to make split second decisions to successfully execute a run into space, using an intelligent camera-based AI system. This new feature is inspired by what players experience playing FIFA Ultimate Team™ on-the-go on Xbox One. "New Generation Frostbite" technology used by EA SPORTS™ FIFA 19: With today's on-going research and development effort at EA SPORTS FIFA, we have been incorporating "New Generation Frostbite" software technology used by EA SPORTS FIFA 19 to our engine. To further enhance the realism of ball physics, collision and strikes, we are continuing to utilize the motion capture technology, but this time using over 70 players in motion capture suits to capture more real-world data than ever before. This will allow for greater control, accurate movement and more accurate collision during strikes. Accessible Community Manager: The FIFA 22 Accessible Community Manager will now be in charge of making sure all FIFA players have a positive and enjoyable experience in FIFA. This includes approaching disabled players and the wider community to create a more welcoming, inclusive experience for everyone. A new set of menus: We have redesigned the in-game menus to present players with a series of screens that includes both new and familiar features and focuses on continuity. The new menus are intuitive, easy to navigate and useful for both a quick match or a leisurely pick-up. New Live Moments: We have redesigned the Live Moments interface to provide new and easier access to important moments in an EA SPORTS FIFA match. Now players can access the following via their Live Moments hub: • Live Moments with the likes of Sepp Blatter • History of the FIFA 22 Player Ratings • Team of the Year • Number of FIFA Team of the Year World Cups • FIFA Team of the Year World Cup Trophy • Great Moments feature • Match History • Memory Book • Skill Games • Ultimate Team Content • Team of the Year matches • Skill Games • Ultimate Team Content
