My goal is to make the viewing experience as good as possible, get the user as calm and safe as possible, and to make sure that you don't lose any of the emotion that you want to get out of

the movie. The first thing that I'll do after you submit a movie is schedule a time to come over and schedule our first meeting and see what you like and don't like about the movie. I want to be able to achieve a calm, familiar, and gentle experience for you on the platform that works for you. Unlike other platforms where I plug you in and you're connected, and then I have to cross miles and miles of water, and then I'm going to have to drop you off, I'm going to take you from wherever you are. First, I get you over to me, then the connecting, the slow connection takes
