The Manual Sinters Loop Controller can be used in conjunction with the Field Digital scanner, to enable a "plug and play" monitoring solution with a minimum of manual set up. - [Chris] Hey guys, Chris here, and I'm gonna talk to you about your lawn care. Now what we're gonna do today is go from your lawn care program up. We're gonna get into the kind of equipment you have. Now, this is gonna be really important to you. You know, a lot of times lawn care providers will say that all they do is cut and care. They tell you about your fertilizer, and they tell you about your edging, and this is fine. You know, you can hire someone that does that, but this is a fundamental part of what a lawn care professional does, is that they are the ones that actually try to help you grow your lawn. So if you're struggling to grow your lawn and you don't understand why your lawn is struggling, it's because there are
