It is known to provide color photographic print materials of the diffusion transfer type with a blue-sensitized silver halide emulsion layer and a green-sensitized silver halide emulsion layer and to arrange them in such a way that the red-sensitive, green-sensitive, and blue-sensitive emulsion layers are arranged in this order from the side of the support, that is, in the order of exposure (see, for example, British Pat. No. 1,160,736, U.S. Pat. No. 3,415,644, U.S. Pat. No. 3,415,633, and U.S. Pat. No. 3,415,635). This arrangement has the advantage that the color image information can be obtained as the result of the exposure by superimposing different spectral light-modulating filter layers on one another so as to obtain a color-separated information and by reading out the different color images from the emulsion layers as a result of the superimposition of the different color-separated information. This arrangement is advantageous, for example, in the reproduction of single-color and multicol

Enjoy! +About a hundred and fifty thousand people live in the Lands Between, many of them do not understand or dare not discover the secrets of the strange land. Their reason for staying away from the Elden Ring is their uncertainty. However, some have been drawn to the wilderness by their lust for power and the desire to crush the Elden Lord. Some Elden Lords have already taken power and turned their subjects into slaves. Clans and principalities have invaded the lands. The Elden Ring was formed to ensure peace in the Lands Between. The Landwatcher was put in charge of that. In addition to the many stories of heroes, monsters and wars, there is also a mild story of love. You will be able to explore and enjoy it. * About the languages The game is now available in two languages: English and Simplified Chinese. • In the game, you can enjoy a battle system with an unprecedented number of characters, on a high-resolution 3D graphics engine. • You can equip a variety of weapons and armor. • You can use magic that allows you to control monsters. • The game is based on a multilayered story that brims with mysticism. • It also features an online element in which you can freely connect to other people and travel together. # Tips • The landing point on the opening screen appears as if it is continuously moving, but you can immediately select the direction you wish to jump. • There are several types of monsters, including elemental, plant, and human monsters. The strategies for defeating them are different and you will need to pay close attention in order to be successful. • Monsters will be larger in level, but they will be much more powerful when you fight against them. • The labyrinth (difficulty level) of the monsters will change according to the characters' strength and the heart/mind. • Along with the items on the map, you can equip rare items that can be used as items of your character. • You can change your character's gender, hair color, appearance and
