FileScavenger v4.2 keygen by
Kaspersky Lab, in most cases it
is a malware file, but also it is
able to clean and scan your
computer. At least 5 times
every day (or every time you
need it), you reboot your

computer to start Windows and, consequently, File Scavenger.

With this program, you can simply get your files back. File

Scavenger is no malicious program, but it is very easy to use and it has a few useful features. If you are looking for a really cheap but very good program to recover lost files and restore them, File Scavenger should be the first program you try.
