
Deewaar In Hindi 720p Fixed

deewaar (lit.the wall) is a 1975 indian action crime drama film written by salim-javed (salim khan and javed akhtar), directed by yash chopra, and starring amitabh bachchan, shashi Kapoor, nirupa roy, neetu singh and parveen babi. reflecting the tumultuous socio-political climate of 1970s india, deewaar tells the story of a pair of impoverished brothers who, after their family is betrayed by the misplaced idealism of their father, struggle to survive in the slums of bombay, and eventually find themselves on opposing sides of the law. as a technician, deewaar is an example of all that is good in the film. the cinematography is innovative and the use of widescreen too. vyas has the uncanny ability to just embed his film in the fabric of bombay's life in the 70s. the stalker-like image of shashi Kapoor stalking the streets of bombay is one such example. we see the film in all its colours from within and from without. this is an extremely important element in film for it shows us what is going on and captures our sensibilities. of course, it needs no qualification to state that the cinematography of deewaar is amazing and vyas does a great job with his camera. the way the film is shot is an extremely good example of visual intelligence and it is through this instrument that the film begins to have an effect on the audience. the multilayered storyline is a crucial factor of deewaar. all the characters in the film have their own motivation and their own conflicts. we, as the audience follow each of them. in the typical fifties hindi film, we were all the sons and the mother but in deewaar we are the sons, the mother and the daughter. we watch each of these three elements very closely. there are many other characters but deewaar is all about the patriarch. it is he who is the centre of the plot.the film begins in the rural, the city is the mother, the city is the whore and deewaar is the daughter. when all three are together it makes the ultimate statement on the nature of the human condition.

Deewaar In Hindi 720p

deewaar is one of the most underrated films of 1970s and one of the most popular films of indian cinema. a real cult classic, it will be remembered for its excellent performances, memorable songs, action sequences, and visuals. although not as good as mother india, one of amitabh bachchan's best films, it is nevertheless a marvellous film. somewhere between mother india and deewaar, amitabh bachchan first began to appear onscreen with an insane, unquestionable conviction. like gandhi and kishore kumar, he would become the godfather of the hindi film. and it was deewaar's success that made bachchan bachchan. deewaar marked the point in which his career was no longer looked upon as a mere possibility; it was now established as an asset to be hawked. deewaar went from zero to hero in no time; it was a turning point in his career. deewaar is the only hindi film in a long line of action and adventure films that amitabh bachchan has established himself as the absolute national hero of indian cinema; since he assumed the lead role of inspector raghubir mathur (later changed to mathur) in deewaar, bachchan has appeared as a hero in over 100 films. deewaar, which turned bachchan into a major star, is the second of bachchan's five big-budget films after jab and ek tha tiger. it was initially announced that salim-javed would be producing the film and directing it, with bachchan playing the role of inspector raghubir mathur, but javed akhtar wrote a new screenplay for the film instead. the action direction was credited to sooraj barjatya, and the film was photographed by sippy. 5ec8ef588b
