"Finding the best carpet for your home starts simple and quickly becomes complex and sometimes dangerous. A study that says how far you can get away from your phone and tablet to lose your way back is worrying. I don't like it when I have a case, but all this may be due to a change in our view of technology and, therefore, in our ways of working. Basically, it's a question of how you feel about technology. Are you excited about your new phone?
