It can be installed as a freestanding floor toilet or combined with a wheelchair ramp or space for a wheelchair. The removable seat cover is also washable and can be removed for cleaning. The Norpro is an extremely stable freestanding countertop unit with multiple functional uses. The dry wall thickness of 150 mm is the thinnest available in the wall-mounted system market. This makes it possible to install the Norpro in spaces as narrow as 42 cm. The small footprint makes it easy to find room, regardless of a small space.
