Microsoft Office has made the world its home. There is no doubt that it is not only the most trusted brand but also the best one among all the competitors. Office was downloaded more than 50 million times on the first day of its release. There is no doubt that Microsoft Office Suite has grabbed the heart of every user since its first launch. It is one of the best productivity tools in the market and is a must have tool for every student, business man and user. But, purchasing this suite always comes with a price tag and that is the reason many people are now looking for the best office suites that can be used without compromising on the productivity factor. As the world is going digital, the space in which we hold this suite is no longer enough. We need the best storage space where we can store all the important and confidential information. To do so, Microsoft Office is the most trusted office suite that we can afford. Its Office Suite for students comprises of the following apps: Word, Excel, PowerPoint, OneNote and Publisher. But, users can download the full version of Office 2013 for Mac, Office 365, OneDrive, Outlook, Skype, and now Office 2016 for Mac (full version). Most of the users use this suite for word processing and formatting, but with the latest version of Office Suite, they can also perform advanced tasks such as generating professional graphs, barcode scanning, recording sound, the ability to manage a single image as a presentation, read documents, answer to emails, use in the classroom, use as a CMS, read PDF, and more. Not only this suite but there are also add-ons for it, the best of which is the Microsoft Office 365 that includes Office 2016 for Mac. 5ec8ef588b
