ChangXin Market Lucky Draw Software Ultimate Sponsored Links: View Photo Details ChangXin Market Lucky Draw Software Ultimate for Windows 32-bit [X-plorer] [2017]Requirements: Windows, Windows Vista/7, Windows 8/8.1, Windows 10Overview: ChangXin Market Lucky Draw Software Ultimate is an all-in-one package with various features to provide marketers with a great tool to organize lucky draws and contests. Besides, the application enables you to enjoy all the resources from the original ChangXin Market with more functions. Full control over the lucky draw Its most important advantage is related to the control it offers over the prize and winner selection process. The application enables you to set the winning probability in order to adjust the number of prizes awarded each day and lower the chances to win the most valuable prizes. Moreover, you can configure the number of winners and appoint a certain prize to one of the participants. The application can be instructed to automatically stop the draw after a specific number of seconds and the award list can be configured according to your needs. Prizes can be assigned locally stored images to make the lucky draw more exciting for all participants. Customize the lucky draw screen There are various lucky draw methods that can be used, namely flashing, turn over cards, smashing eggs, roulette or the slot machine. Regardless of your choice, you can customize the appearance of the lucky draw screen by changing the item layout, background colors and so on. The application enables you to change the name of the lucky draw, set the background music and the winning sound alert. Aside from the audio notification, it can be set to play an animation when a prize is awarded and show a custom text message. The results of the draw can be easily viewed in an organized table and the winning records can be printed out on paper. The 'Settings' area is password-protected, in order to avoid someone else tampering with the results or the existing configuration. A handy marketing tool for all business managers ChangXin Market Lucky Draw Software Ultimate can be of great use to business owners who want to attract more customers by organizing raffles and giving away prizes. It enables them to fully control the operation, so as to carefully select prizes and their associated probability.
